Poznań, 16.03.2023

Introduction to the financial statements

1.

Company name: **AUTOSTRADA WIELKOPOLSKA SPÓŁKA AKCYJNA**

At the moment of preparation of these financial statements, the Company's registered address was: Poznań, ul. Stanisława Zwierzchowskiego 1, 61-248 Poznań, the same as on 31.12.2022.

2.

The core business of the Company includes:

- building, rebuilding, reconstruction, rehabilitation and maintenance of roads (motorways), bridges and traffic safety equipment,
- all design activities connected with the above mentioned activity,
- operation and management of roads (motorways) owned or managed by the Company under other legal titles,
- all investment, construction and design activities related to construction facilities as per the prevailing classification PKD 2007 – 42.11.Z Works related to the construction of roads and motorways.

The above objectives are realized by the Company in relation to the construction and operation of the Nowy Tomyśl - Konin section of A2 Toll Motorway based on the concession awarded by the Minister of Transport and Maritime Economy (currently the Minister of Infrastructure) on 10.03.1997 and in virtue of the Concession Agreement entered into on 12.10.1997. The concession expires on 10.03.2037.

As at 31.12.2022 the Registry Court competent for the Company is the District Court Poznań-Nowe Miasto and Wilda in Poznań, Commercial Department VIII of the National Court Register.

The Company holds the statistical REGON identification number: 632243012 and the tax identification number: 9720050433, KRS registration number is 0000001970.

The Company lifetime is unlimited.

3.

These financial statements have been prepared under the assumption that the Company will continue to operate as a going concern during 12 months after the balance sheet date, that is until 31.12.2023. As at the date of signing these financial statements, the Management Board does not recognize existence of any facts and circumstances which would present a threat to the Company's operation as a going concern during 12 months after the balance sheet date as a result of any intended or compulsory abandoning or material limitation of its current business.

As at the balance sheet date, the Company's equity is negative, due to high financial costs borne in connection with high indebtedness level.

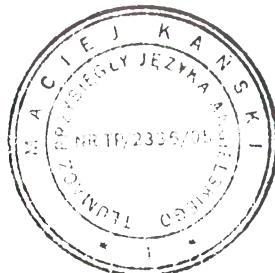

The Company has been generating positive cash flows permitting safe debt service and, eventually, allowing to obtain a surplus that will yield the expected return on capital invested.

4.

These financial statements cover the period from 1 January 2022 to 31 December 2022, while the comparable financial data covers the period from 1 January 2021 to 31 December 2021.

5.

These financial statements have been prepared in accordance with the practice followed by enterprises in Poland, in accordance with the accounting standards of the Polish Accounting Act dated 29.10.1994 (Polish OJ 2023 item 120) and executive regulations issued based thereupon.

In matters not covered by the Accounting Act, the Company refers to the National Accounting Standards (KSR) and in matters not governed there, it refers to the International Accounting Standards (IAS).

6.

The definition of accounting principles and methods, including the measurement of assets and liabilities and profit/loss:

Intangible assets

Intangible assets are recognized if it is probable that the future economic benefits that are directly attributable to the asset will flow to the Company. Initially, intangible assets are measured in the books at acquisition price or at development cost .

Intangible assets of the unit value exceeding PLN 3,500.00, yet no more than PLN 10,000.00 are measured in the books as operating cost in the month of their acquisition (brought into use through a single depreciation entry). Intangible assets below PLN 3,500.0 are considered as materials.

As of 1 January 2017 the Company has been recognizing the intangible asset in its balance sheet being the right under the concession (right to collect tolls on the A2 Toll Motorway) granted by the Minister of Transport and Maritime Economy (presently the Minister of Infrastructure) as the remuneration for the construction of the A2 Toll motorway section Konin - Nowy Tomyśl under the Concession Agreement.

The value of such right as at each balance sheet date is determined as the total of the capital expenditure made for construction of the motorway infrastructure increased by a 1.5 % margin on construction services less the amortization calculated on a straight line basis over the useful life of the motorway, the buildings and the Concessionaire's Fixed Operating Equipment.

Software value is measured in the books at acquisition price or at development cost and is amortized using the straight line method over a 2-year period.

An assessment is made by the Company at each balance sheet date to determine whether the carrying amounts of the disclosed assets not exceed the amounts of estimated future economic benefits. If there is any evidence indicating that this is actually the case, the carrying amounts of the Company's assets are reduced down to their net realizable values. The resulting impairment losses are recognized under other operating expenses.

Fixed assets

Fixed assets are recorded in the books at acquisition price or development cost, plus improvement costs and less accumulated depreciation. Fixed assets are disclosed in the balance sheet at their net book values.

Fixed assets of the unit value exceeding PLN 3,500.00, yet no more than PLN 10,000.00 are measured in the books as operating cost in the month of their acquisition (brought into use through a single depreciation entry).

Fixed assets below PLN 3,500.0 are considered materials.

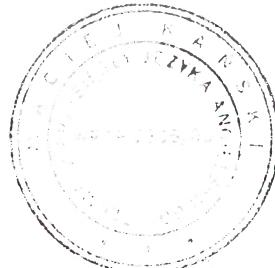

The acquisition price and the fixed asset development cost include total costs incurred by the Company during the asset construction and assembly process, costs of adaptation and improvement borne until they are brought into use, including the debt service costs incurred in the financing process and related forex gains and losses, less the proceeds therefrom.

Fixed assets are depreciated using the straight-line method. Depreciation commences no earlier than after the fixed asset has been brought into use.

The adopted depreciation rates are as follows:

Buildings and structures	2,5% - 6,3%
Computers (including FOE 20%)	20,0% - 30,0%
Plant and machinery	5,0% - 30%
Vehicles	20,0%

Estimates as to the economic useful life and the depreciation methods are subject to analysis at the end of each financial year to determine if the method and periods of depreciation are compliant with the forecast

Cash and cash equivalents

Cash in domestic currency is recognized at nominal value.

Cash denominated in foreign currency is translated as at the balance sheet date at the average NBP exchange rate for the respective foreign currency on that day.

Cash item presented in the cash flow statement comprises cash on hand and bank deposits with maturity of 3 months or less which were not included under investing activities.

Provisions

Provisions are recognized when the Company has a present obligation (legal or equitable) as a result of a past events and it is certain or highly probable that performance of such obligation will result in a need to expend funds embodying economic benefits and when a reliable estimate can be made of the amount of such obligation.

Financial instruments

Financial instruments are recorded and measured in accordance with the Regulation of the Minister of Finance dated 12 December 2001 on specific provisions for recognition, measurement methods, scope of disclosure and manner of presentation of financial instruments. Financial assets measurement principles and disclosure policies described hereinbelow do not refer to financial instruments excluded from the Regulation, in particular shares in subsidiaries, rights and obligations pursuant to lease and insurance agreements and financial instruments issued by the Company that constitute its equity instruments. Financial instruments classification:

Financial assets are divided into:

- financial assets held for training,
- loans given and receivables originated by the company,
- financial assets held to maturity,
- financial assets available for sale.

Financial liabilities are divided into:

- financial liabilities held for trading,
- other financial liabilities.

Financial assets are recognized in the accounts as at the day of entering into a contract at acquisition cost, i.e. at fair value of expenses incurred or consideration given in exchange for other assets, while financial obligations are valued at the fair value of the amount received or the fair value of assets acquired.

In the assessment of fair value as at that day, transaction costs borne by the Company shall be included.

Financial assets held to maturity include financial assets other than loans given and receivables originated by the enterprise, with a contractually defined maturity of nominal value and defined rights to receive economic benefits in a specific period e.g. interest at fixed or determinable amounts, provided that the Company is able to and plans to hold those assets to their maturity.

Financial assets held to maturity are measured at amortized cost calculated using the effective interest rate method.

Other financial assets that do not meet the conditions for inclusion in the categories defined above are recognized as financial assets available for sale.

Financial assets held for trading include assets acquired for the purpose of generating profit from short-term price variations and variations of other market factors or from short term maturity of the purchased instrument, as well as other financial assets, regardless of the purposes of entering into the contract, if they are part of a portfolio of similar financial assets, in relation to which it is highly probable that the assumed economic benefits will be realized soon.

Financial assets or financial liabilities held for trading include derivatives, with the exception of contracts recognized by the Company as hedging instruments.

Financial liabilities held for trading also include obligations to deliver borrowed securities and other financial instruments, in the case of the Company entering into a short sale.

Financial assets held for trading shall be measured at fair value, while the financial results of periodical measurement shall be accounted for as financial gains or financial losses of the reporting period in which the remeasurement took place.

Financial liabilities held for trading, including, in particular, derivatives with negative fair value, are disclosed at their fair value, while gains and losses from re-measurement are recognized in the profit and loss account.

Other financial liabilities are measured at amortized cost calculated using the effective interest rate method. For the purposes of measurement of financial liabilities, the Company takes into consideration the contractual possibility of their prepayment prior to maturity.

All financial liabilities are recorded in the accounts as at the day of entering into a relevant contract.

Description of methods and key assumptions adopted in the determination of fair value of financial assets

Fair value is deemed to be the amount for which an item could be exchanged and the amount due would be paid on arm's length terms between knowledgeable and willing parties.

Fair value is assessed by applying an appropriate model for measurement of the financial instrument, where the input data comes from a regulated active market.

Permanent impairment of assets

An assessment is made by the Company at each balance sheet date to determine whether there is any objective evidence that an asset or a group of assets may be impaired. If such evidence exists, the estimated recoverable amount of that asset is determined by the Company and an impairment loss is recognized for the difference between the recoverable amount and the carrying amount. Impairment loss is recognized in the profit and loss account for the current period. Where a prior asset remeasurement has taken place, such loss is debited against the revaluation equity and is subsequently recognized in the profit and loss account of the current period.

Income tax

Corporate income tax, as presented in the profit and loss account, comprises current and deferred income tax. Current income tax liability is determined in accordance with the tax regulations.

Deferred tax presented in the profit and loss account comprises the difference between the provisions and assets on account of deferred tax as at the end and the beginning of the financial period.

Deferred income tax provision and assets relating to equity transactions are recognized under equity.

Deferred income tax assets are recorded in the amount which is expected to be deducted from the income tax in future in connection with negative temporary differences that will reduce the future tax base and deductible tax losses, assessed under the prudence assumption.

The deferred income tax provision is recognized in the amount of the income tax payable in future based on the positive temporary differences that will increase the income tax base in future.

The amount of the deferred income tax provision and assets is based on the tax rates binding in the year in which such tax liability arises.

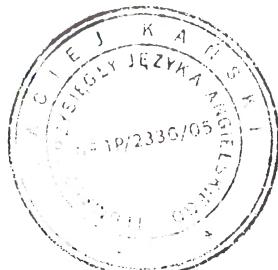

In these financial statements the deferred tax asset was set off against the deferred tax provision.

Uncertain tax treatment

Regulations regarding VAT, corporate income tax and social security contributions are subject to frequent changes. These changes result in there being no points of reference, inconsistent interpretations and few established precedents that may be followed. The binding regulations also contain uncertainties, resulting in differences in opinion regarding the legal interpretation of tax regulations both between government bodies, and between government bodies and enterprises.

Tax and other settlements (e.g. customs or foreign currency issues) may be subject to inspection by administrative bodies authorized to impose high penalties and fines, and any additional taxation liabilities calculated as a result must be paid together with high interest. The above circumstances make tax exposure greater in Poland than in countries which have a more established taxation system.

As a consequence, the amounts shown and disclosed in the financial statements may change at a later date as a result of the final decision of the tax authorities.

On 15 July 2016, amendments were made to the Tax Ordinance to introduce the provisions of the General Anti-Avoidance Rule (GAAR). GAAR is meant to prevent origination and use of factitious legal structures established to avoid payment of tax in Poland. GAAR defines tax evasion as an activity performed mainly with a view to realize tax advantage, which is contrary, under given circumstances, to the subject and objective of the tax law. In accordance with GAAR, an activity does not bring about tax advantage, if its modus operandi has been false. Any instances of (i) unreasonable division of any operation (ii) involvement of agents despite lack of economic rationale for such involvement, (iii) mutually exclusive or mutually offsetting elements, as well as (iv) other activities similar to those referred to above may be treated as a hint of factitious activities subject to GAAR. New regulations will require considerably greater judgment in assessing tax effects of individual transactions.

The GAAR clause should be applied to transactions performed after clause's effective date and to the transactions which were performed prior to GAAR clause effective date, but for which after the clause effective date tax advantages were realized or continue to be realized. The implementation of the above provisions will enable Polish tax audit authorities to challenge legal arrangements and understandings reached by taxpayers, such as group restructuring or group reorganization.

Foreign currency transactions

Receivables and liabilities denominated in foreign currencies are disclosed as at the transaction date according to the average exchange rate of the National Bank of Poland set for a given currency on the day preceding the transaction date, except for import transactions where the average customs exchange rate is applied.

As at the balance sheet date, the assets and liabilities denominated in currencies other than Polish Zloty are translated into Polish zlotys at the average exchange rate binding on such date and set for a given currency by the National Bank of Poland. Exchange rate differences resulting from such translation are disclosed respectively in financial revenues (or costs).

Revenues and costs are disclosed in a given financial year on accrual basis. The profit and loss account is prepared in comparative variant, while the cash flow statement is prepared using indirect method.

PROFIT AND LOSS ACCOUNT (comparative verison) for 01.01.2022 - 31.12.2022

	01.01.2022 - 31.12.2022	01.01.2021 - 31.12.2021
A. Net revenues from sales and equivalent, including:		
from associates	885 570 691,47	791 373 456,52
I. Net revenues from sales of products	0,00	0,00
II. Change in the balance of products (increase - positive value, decrease - negative value)	885 570 691,47	791 373 456,52
III. Costs of products manufacture for the company's own needs		
IV. Net revenues from sales of goods for resale and materials		
B. Costs of operating activity	520 770 068,98	480 023 682,15
I. Depreciation	138 206 564,07	137 849 995,77
II. Consumption of materials and energy	357 374,44	302 188,59
III. Third party services	355 759 877,50	321 426 536,44
IV. Taxes and charges, including:		
- excise tax	1 229 955,15	2 635 547,67
V. Salaries	0,00	0,00
VI. Social security and other benefits: including		
- pensions	7 337 911,48	6 309 352,34
VII. Other costs by type	1 747 715,61	1 887 123,77
VIII. Value of goods and materials sold	395 929,93	391 584,65
IX. Internal cost of construction services	3 365 469,33	2 922 878,49
	0,00	0,00
	12 765 201,40	6 690 059,08
C. Profit (loss) on sales (A-B)	364 800 622,49	311 349 774,37
D. Other operating revenues	1 501 523,14	4 473 634,75
I. Profit on disposal of non-financial fixed assets	148 412,47	0,00
II. Subsidies		
III. Remeasurement of non-financial assets	0,00	3 411 228,51
IV. Other operating revenues	1 353 110,67	1 062 406,24
E. Other operating costs	240 572,00	9 480 092,73
I. Loss on disposal of non-financial fixed assets	0,00	11 955,86
II. Remeasurement of non-financial assets	0,00	3 421 728,75
III. Other operating costs	240 572,00	6 046 408,12
F. Profit (loss) on operating activity (C+D- E)	366 061 573,63	306 343 316,39
G. Financial revenues	10 056 428,85	717 839 252,44
I. Dividends and participation in profit, including:		
a) from associates, including:		
- in which the entity has equity interests	482,70	406,69
b) from other entities, including:		
- in which the entity has equity interests	482,70	406,69
II. Interest, including:		
from associates		
III. Profit on disposal of financial assets, including:		
- in associates	6 161 891,67	703 735 629,91
IV. Remeasurement of financial assets	663 573,51	475 272,20
V. Other		
H. Financial costs	692 452 227,55	571 539 023,84
I. Interest, including:		
- for related parties	529 073 555,18	543 287 468,85
II. Loss on disposal of financial assets, including:		
from associates		
III. Remeasurement of financial assets	454 354 538,91	338 474 116,99
IV. Other		
I. Gross profit (loss) (F+G-H)	(316 334 225,07)	452 643 544,99

Notes and explanations

Note 1

Information on significant events concerning previous years reported in the financial statements for the financial year

No significant events concerning previous years have been found that were reported or would require reporting in the financial statements for the financial year.

Note 2

Information on significant events that occurred after the balance sheet date and were not included in the financial statements for the financial year

Until the date of preparing the financial statements for the financial year 2022, i.e. 16.03.2023, no events occurred that had not been and should have been included in accounting books of the financial year.

Note 3

Presentation of changes in accounting methods and measurement methodology made in the financial year, if they have a significant effect on the financial statements, their causes and resulting financial performance amount

Accounting principles adopted by the Company were applied in a continuous way and are consistent with the accounting principles applied in the previous financial year.

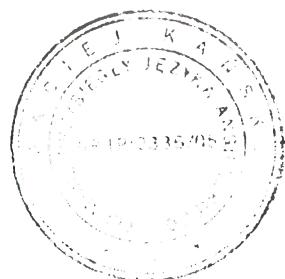

Note 4

Comparability of financial data for the previous year with the financial statements for the financial year

These financial statements contain comparable data for 2021.

Note 5

Detailed list of value movements in classes of fixed assets, intangible assets and long term investments, including status of these assets as at the beginning of the financial year, increases, decreases and status as at financial year end, and for assets subject to depreciation – a similar list of changes and reasons for changes in previous depreciation (accumulated depreciation)

Note 5a
Changes in intangible assets

	Costs of completed development works	Goodwill	Concession rights	Other intangible assets	Total
Gross value at the beginning of period	-	-	4 229 742 291,54	1 022 690,83	4 230 764 982,37

SWAP contracts - as measured by the lenders (at fair value)	Long-term and short-term liabilities - other financial liabilities	3 814 962,15	-	Contracts providing for replacing the floating interest rate of the commercial loan (6M EURIBOR) with the fixed interest rate of 0.528% and 0.5223% with respect to the drawdown and repayment schedule in line with the facility agreement. Final settlement has been scheduled for December 2023.
FORWARD transactions - as measured by the lenders (at fair value)	Other long-term and short-term financial assets	838 687,06	-	15 transactions totaling EUR 21,100,000 in aggregate, entered into by the end of 2022 with a view to partly hedge the fx risk.

The carrying amount of the financial instruments not measured at fair value as at 31 December 2022 is no materially different from their fair value.

**Note 20
Credit risk**

The Management Board has applied the loan policy, where the loan risk exposure is monitored on an ongoing basis. The creditworthiness assessment is performed with respect to all clients requiring to be credited.

As at the reporting date, there was no material credit risk concentration. The carrying amount of each financial asset reflects the maximum exposure to credit risk.

Note 21
Interest rate risk

In order to partly hedge the interest rate volatility risk for the amended and restated senior loans agreement, in March 2018 Autostrada Wielkopolska S.A. entered into two SWAP contracts hedging 40.7% of its capital. Said contracts provide for replacing the floating interest rate of the commercial loan (6M EURIBOR) with the fixed interest rate of 0.528% and 0.5225% with respect to the drawdown and repayment schedule in line with the facility agreement. Final settlement has been scheduled for December 2023.

As the SWAP contracts cover only 40.7% of the senior loan principal, the Company recognizes those derivatives in the fair value hedging model, adjustments of which are recognized under financial cost or income in the profit and loss account. The table below shows the basic features of derivative transactions defined as hedging instruments, including the periods when the cash flows remain hedged and those when the cash flows impact the financial performance, as well as their fair value as at 31 December 2022.

Type of instrument/ Hedging Bank	Nominal transaction value in EUR	Interest period/ maturity	Fair value in PLN as at balance date
IRS / Deutsche Bank AG	107 352 100,00	6 months	1 906 852,28
IRS / Nomura International plc	107 352 100,00	6 months	1 908 109,87
Total	214 704 200,00	x	3 814 962,15

Foreign exchange risk

In order to partly hedge the currency risk, Autostrada Wielkopolska S.A. concluded 15 FORWARD contracts until the end of 2022. The Company recognizes these instruments in the fair value hedge model the adjustments of which are recognized as financial costs or revenues in the profit and loss account. The table below presents the basic parameters of the transaction, including their maturity dates.

Type of instrument/ Hedging Bank	Nominal transaction value in EUR	Maturity	Fair value in PLN as at balance date
Forward / Deutsche Bank AG London	18 300 000,00	till 28.12.2023 r.	117 628,20

Provision for the effects of the European Commission decision concerning the overpayment of compensation:

The ad hoc arbitration between the Company Autostrada Wielkopolska S.A. and the State Treasury of the Republic of Poland was concluded with the award of the Arbitral Tribunal dated 26 March 2013. In said award, the Arbitral Tribunal, with arbitrators voting 2:1, stated as follows:

- * Annex 6 to the Concession Agreement is a valid and enforceable contract,
- * The statement of the Minister of Infrastructure of 13.11.2008 of avoidance of the legal consequences of his statement of will made in Annex 6 is ineffective,
- * The counterclaim of the Respondent is dismissed.

Even though the Arbitral Tribunal corroborated the validity of Annex 6 to the Concession Agreement, in June 2014 the European Commission decided to institute the proceedings in the case: "Poland Shadow toll as compensation to the company Autostrada Wielkopolska A.A. - A2 Motorway", in response to the notification made in August 2012 by the Polish government of the aid measure being unlawful State aid for the Company resulting, according to the public party, from excessive (by PLN 895 M) compensation paid for the toll free use of A2 motorway by heavy vehicles triggered by the change of motorway law. The proceedings were aimed at providing an objective analysis whether any State aid occurred that would be prohibited or incompatible with the single market.

The decision including the abstract was published in the Official Journal of the European Union on 20 September 2014. The Company addressed the arguments stated in the decision in October 2014 claiming that the Company had been entitled to receive compensation from the State Treasury (in accordance with the Concession Agreement and as a result of the change of law) and that it had not constituted prohibited State aid.

On 25 August 2017 the European Commission made a decision that the compensation paid to the Company on account of the change of law exempting heavy vehicles from tolls on the A2 motorway section Nowy Tomyśl - Konin in the period since 1 September 2005 until 30 June 2011 was State aid within the meaning of Art. 107 (1) TFEU to the extent it granted overcompensation of lost revenues resulting from the amending act. Since the compensation was put at the Company's disposal prior to the notification, the Commission believed Poland did not observe the ban provided for in Art. 108 (3) TFEU. Accordingly, the Commission stated that the aid granted by Poland was unlawful.

On 17 November 2017 the State Treasury represented by General Attorney's Office (*Prokuratoria Generalna*) of the Republic of Poland filed an action against the Company with the District Court in Poznań for payment in injunction proceedings requesting that the Court issue a payment order for AWSA to pay the amount of PLN 1,367,632,273.91 referred to in the European Commission Decision, including interest since 18.11.2017 until the actual payment day. On 6 June 2019 a hearing took place before the Court of Justice of the European Union.

On 28.11.2017 the Company filed an appeal with the court in Luxembourg against the European Commission decision. The Company analyzed the potential effects of the EC decision of which it became aware and decided to establish a PLN 916.7 M provision for the likely claim of the State Treasury. The amount of such provision was calculated based on the VAT-inclusive amounts of the alleged overpayment as specified in the appendix to the Commission decision, less the Value Added Tax and Corporate Income Tax included therein and plus interest accrued for the period since September 2005 until 13 March 2018.

On 26 January 2018, the District Court in Warsaw issued a judgment dismissing the complaint of the State Treasury, Minister of Infrastructure and Construction, to dismiss the award of the UNCITRAL ad hoc Arbitral Tribunal of 20 March 2013. The State Treasury appealed against that judgment.

Due to the financing (additional tranche of the Senior Loan) procured, on 9 March and 12 March 2018 the Company transferred to the escrow account of the District Court in Poznań the amounts equal to the amount of the allegedly unlawful State aid referred to in the decision and the payment order issued by the court, including accrued interest as the security of payment of the State Treasury's claim in case it is adjudicated with a binding court judgment. On 24 Oct. 2019 the General Court of the European Union in Luxembourg issued a judgment dismissing the AWSA appeal against the decision of the European Commission (the "Decision"). In doing so the Court shared the position of the European Commission expressed in the Decision regarding the amount of compensation paid to AWSA and the fact that such compensation was incompatible and unlawful State aid. AWSA emphasizes that neither EC nor the Court of the EU has challenged the right of AWSA to receive compensation, with the contended issue being the amount (overpayment) of such compensation. The Company exercised its right to appeal to the Court of Justice of the European Union against the judgment of the General Court and lodged it on 20 December 2019.

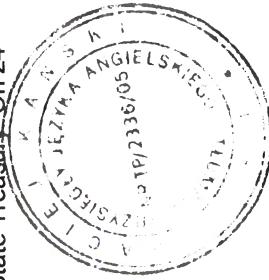

On 26 November 2019 the Court of Appeal in Warsaw issued a judgment in the case instituted by the State Treasury to set aside the Arbitral Award in which it found the State Treasury's appeal against the award of the Arbitral Tribunal that had been in favor of AWSA justified and by doing so it set aside the award of the Arbitral Tribunal. On 7 August 2020 the Company filed a cessation complaint to the Supreme Court which was accepted for consideration with the Supreme Court decision of 1 December 2020.

On 2 December 2019 the District Court in Poznań recommended the payment order proceedings and on 11 December 2019 the Court dismissed the Company's request for continued stay. The files of the case were transferred to the Court of Appeals in Poznań for the decision to be made regarding jurisdiction. The Company filed another request for the stay of the proceedings to the Court of Appeals on 9 January 2020. The proceedings was stayed until the Court of Justice of the European Union issues a binding and irrevocable decision on the complaint filed by the respondent against the decision of the European Commission of 25 August 2017 in case C-933/19P - Autostrada Wielkopolska vs. the Commission (Art. 177 sec. 1 item 31 of the Polish Code of Civil Procedure).

On 11 November 2021, the Court of Justice of the European Union dismissed AWA's appeal against the judgment of the General Court of the European Union. Currently, AWA and the State Treasury are conducting settlement talks regarding the refund of overpaid VAT and CIT taxes in connection with the decision of the European Commission.

On 26 November 2019 the Court of Appeal in Warsaw issued a judgment in the case instituted by the State Treasury to set aside the Arbitral Award in which it found the State Treasury's appeal against the award of the Arbitral Tribunal that had been in favor of AWA justified and by doing so it set aside the award of the Arbitral Tribunal. On 7 August 2020 the Company filed a cassation complaint to the Supreme Court which was accepted with the Supreme Court decision of 1 December 2020 for consideration on 10 January 2023. By the date of these financial statements the Supreme Court has not yet issued a judgment in this case.

On 15 September 2021, the Minister of Infrastructure demanded payment from AWA of ca. PLN 5.5m as the refund of the arbitration costs. AWA challenged such demand for payment within the time limit specified by the Court and requested that the claim be dismissed. With the decision of 27 September 2021 the Court refused to dismiss the claim. With the judgment of 28 November 2022 the District Court in Poznań adjudicated PLN 5.5m with interest from AWA to the State Treasury. On 24 January 2023 AWA appealed against said judgment.

Liabilities secured with pledges on assets

According to the "Agreement for a registered pledge over the collection of the assets and rights of Autostrada Wielkopolska S.A." dated 11 December 2000 (as amended, hereinafter the "Pledge Agreement"), the Company established and registered on 22 January 2001 registered pledges for Credit Agricole Corporate and Investment Bank (former Credit Agricole S.A., former Calyon, former Crédit Lyonnais) over the collection of movables and rights constituting the Company's enterprise (including also any future elements of such collection). Those pledges were established in order to provide security to payments of liabilities under the Senior Loan Facility Agreement, the Accounts Agreement and Hedge Agreements 1 and 2 for the period from the day of execution of such agreements to the day of repayment of the senior loan. According to the amending and restating agreement to the Pledge Agreement dated 11 January 2018, Credit Agricole Corporate and Investment Bank transferred all its rights and obligations under the Pledge Agreement onto Deutsche Bank Luxembourg S.A., including the rights and obligations as a pledgee of the registered pledges established under the Pledge Agreement.

According to the "Amending and restating agreement to the Pledge Agreement" dated 30 June 2017, the Company established an additional registered pledge for Credit Agricole Corporate and Investment Bank over the collection of assets and rights constituting the Company's enterprise (including also any future elements of such collection). They have been established with a view to secure payment of the liabilities under the Independent Creditor Agreement under which a parallel liability of the Company towards Credit Agricole Corporate and Investment Bank acting as the Security Agent was created which corresponds to the liabilities towards the Senior Lenders under the Senior Financing Documents (as per the definitions of those terms used in the Senior Loan Agreement). According to the amending and restating agreement to the Pledge Agreement dated 11 January 2018, Credit Agricole Corporate and Investment Bank transferred all its rights and obligations under the Pledge Agreement onto the Pledge Agreement dated 11 January 2018, Credit Agricole Corporate and Investment Bank transferred all its rights and obligations under the Pledge Agreement.

Under the notarial deed dated 28 February 2018 the Company surrendered to collection for the benefit of Deutsche Bank Luxembourg S.A. under art. 777 § 1 item 5 of the Polish Code of Civil Procedure.

The agreements entered by the Company with its lenders impose upon Autostrada Wielkopolska S.A. substantial restrictions in disposing of the cash deposited on its bank accounts. The Company may apply its funds only in accordance with the annual expenditure budget approved in advance by the lenders. There were no changes in the subject of liabilities secured on the Company's assets in the financial year.

The regulations on Value Added Tax, corporate income tax, personal income tax or social security premiums undergo frequent changes, therefore references to established regulations or legal precedents are often missing. The binding regulations also contain uncertainties, resulting in differences in opinions regarding the legal interpretation of tax regulations both between government bodies, and between enterprises. Tax and other settlements (e.g. customs or foreign currency) may be subject to inspection by the bodies authorized to impose high penalties, and any additional tax liabilities defined as a result of such inspection must be paid together with high interest. For the above reasons tax risk in Poland is higher than usual in the countries with developed tax system. Tax settlements may be subject to inspection during the period of five years. As a result, the amounts shown in the financial statements may be subject to change at a later date after their final amount is decided by tax bodies.

On 24.06.2022, a hearing was held before the Supreme Administrative Court, during which the Court ruled favorably for the Company on the possibility of deductibility of debt financing costs related to the loan used to secure the State Treasury's claim. On 09.02.2023 AWSA filed adjusted annual CIT-8 returns for the years 2018 - 2021 with the First Mazovian Tax Office, together with the requests for acknowledgment of the overpayment totaling PLN 54m. In accordance with the provisions of the National Accounting Standard 7, the Company recognized the amount of overpayment in the total amount of PLN 54,296,545.00 in the financial result of 2022.

Non applicable

Note 59

Other information than listed above, if such information could have a material impact on the assessment of the property and financial standing, and profit/loss of the entity

The year 2022 was the year of abatement of the Covid -19 pandemic both in Poland and worldwide. In view of that fact as well as the type of scheme under which the Company receives remuneration for its services which mostly provides for the Minister of Infrastructure paying the availability fee, the Company Management Board is of the opinion that in 2022 COVID-19 had no material impact on the Company's revenues or business.

On 24.02.2022 the Russian invasion in Ukraine began. The Management Board of the company has not yet identified any material impact of the conflict on the Company's revenues and assets, however its future impact cannot be fully predicted. In view of the Company's revenue structure (see the paragraph above), imposing sanctions on Russia and Belarus, curbing the imports from Ukraine or the exodus of Ukrainian drivers from the trucking market will have no material impact on the Company's revenues. The Management Board will be monitoring any potential impact of the conflict on the Company's
